Thank you for everything you did to make sure our new home was an exceptional experience. The finalized product is everything we wanted and more. You gave us very good advice when decisions needed to be made and did so many extra things for us that we did not experience with other builders. The quality of workmanship through the entire process was truly outstanding and follow-up communication during the construction was great. You really do everything well!

Kim & Sue

We wish to thank all the members of the Everest Custom Homes team for the wonderful job they did for us when building our new home. Everyone in the office from Chad to Jon to Cookie and Lisa were extremely patient and helpful. This has been the best experience we have had with any builder we have worked with.

Nothing we decided to do or change in the house was too difficult for Chad to handle. No job was too large or too small. All the people that were recommended to us were wonderful to work with and most helpful. And... everything was completed so smoothly according to the time frame that Chad gave us.

Thank you all for this most enjoyable experience. We love the new house!!

*Sincerely!
Marge & Jack*

John and I could never imagine that the house we bought 12 years ago and fell in love with could have been transformed into a home we love even more!

The team at Everest has been absolutely fantastic to work with; from the craftsmanship, detail, trust and honesty, we have been amazed from the start.

We will continue to use you for future projects and would recommend Everest to anyone looking to remodel, add on or whatever!

We hope you all have a wonderful fall season coming up and thank you for being on time and on budget! That is just unheard of these days!

John & Eileen

Thank you Jon so much for everything you've done for us. This whole experience has been so pleasant I wouldn't hesitate to do it all over again. You get my highest recommendation!!!

Thanks again.
